

Are you trying to improve the health and social services network?

Need a hand?

Services

We help you to:

- Clarify the nature of your needs
- Access the Unit's experts and tools
- Generate profitable partnerships
 - Identify the blind spots
- Leverage the strengths of the learning health system (LHS) methodology
- Join the Unit's LHS Incubator
- Promote your initiative
- Obtain funding

What do LHS leaders do?

LHS leaders contribute to improving the health system by promoting the application of scientific and experiential knowledge.

They catalyze the implementation of the LHS approach, process support requests made to the Unit and operate the LHS Incubator.

Let's meet!

Meet a LHS leader to maximize your impact!

We offer our support free of charge as a unit funded by the CIHR and the MSSS.
